

SOUTH DAKOTA

GOVERNOR'S OFFICE OF ECONOMIC DEVELOPMENT

SD WORKS FUNDING

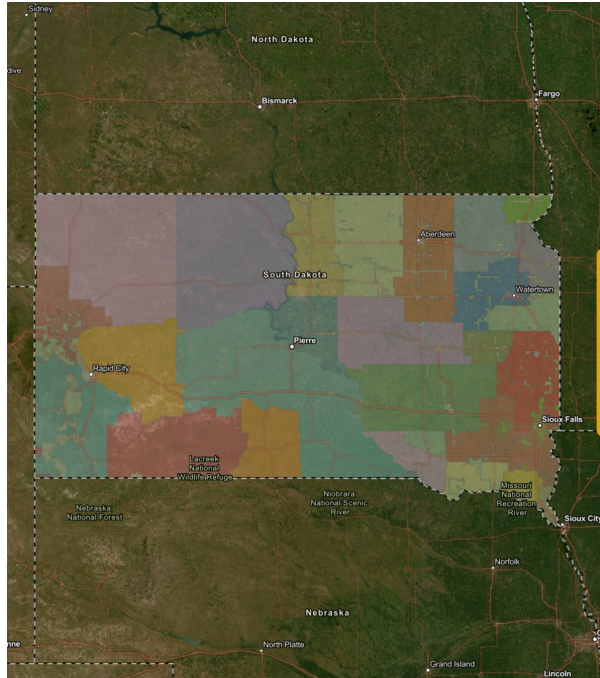

GOED wants to remind our readers that our office received our second tranche of the SD Works funding, \$19.5MM. We are looking for ways to partner with you and your businesses on getting this money out.

A few things to remember:

- Looking for projects that are \$20MM and under
 - Can do up to 30% of the project
 - Must have a bank onboard
 - Can do construction

For more questions, please reach out to a member of our development team.

PUC MAP

ELECTRIC TERRITORIES

Utilities play a vital role in economic development. As you consistently strive to expand your partnerships, we believed it would be beneficial to provide the PUC map of Electric territories.

Below is a link to an interactive map that allows you to type in an address and see who exactly the electric provider is.

LASSO PT. 2

RFI SYSTEM

To upload files to your submission, you must have first accepted the project and added a property. After you've done that, you need to select your property in the property tab of the project and scroll to the bottom of the page. Here you'll find two places to submit files. The spot labeled "Property Images" is for pictures of the property. Files here must be submitted in JPG, JPEG, or PNG format. While not preferred, you can also submit GIF or WEBP files. The other place to submit documents is under "Attachments", this is the section where PDF, Word, and Excel documents can be added. In both sections, you simply click on the box with the upload arrow to open your File Explorer, and then select the files you'd like to add.

If you have questions, contact a member of the development team.

RFI QUESTIONS?

The interactive dashboard is now online.
